Ammunition Exploitation, Delaware Ordnance Depot

1. In compliance with your request during our recent conversation, we feel that we will be able to provide your teams with the services of [REDACTED] of our I/WA Branch for the 3-week period, starting about the last week in October and extending until about the middle of November. Both of these analysts are following up ammunition production in the Soviet Orbit, and we feel that this will be an opportunity not only to help you in your work, but also to enable them to become more familiar with foreign manufactured ammunition.

2. [REDACTED] also of I/WA, has indicated a desire to visit the Delaware Ordnance Depot early at the start of the operation. She feels that she may be able to provide some helpful suggestions and would also like to see the types and sizes presently available there.

3. I would appreciate your advising me the exact dates of this operation so that we may instigate necessary travel orders. Meanwhile, I presume that you will take care of the security clearances that may be necessary.
